

EATRIS Spotlight IT

Timeline Events (September–November)

- SPEA01: "Inclusion and equity in Mesenchymal Stromal Cells translational medicinal: a next-generation interactive workshop"
- SPEA02: "From Imaging Biomarkers to Clinical Traslation: Inclusion and Equity in Molecular Imaging and AI"
- SPEA03: "Young Investigators Day on Liquid Biopsy and Translational Biomarkers: Inclusive Approaches in Precision Oncology"
- SPEA04: "Digital transformation in health as an inclusive practice"
- SPEA05: "Integrating Sex and Gender Perspectives in Translational Oncology and Precision Medicine"
- SPEA06: "PROs-Driven Precision Oncology: Integrating Patient Voice, Translational Research and Health Equity"
- SPEA07: "Governing Biomedical Innovation for the Public Good"
- SPEA08: "Precision medicine innovation in the diagnosis and therapy of tissue and organ failures"
- SPEA09: "Inclusive Imaging Futures: AI, Tracers and Equity in Precision Medicine"
